

K-LOVE is valued by all my friends and family. It has helped me through some pretty rough times. It also helps me to stay clam on the road. I don't think K-LOVE should be replaced, there are to many people that benifit from listening to it. Furthermore, There are very few positive raido stations much less christian stations in New Mexico. I have found only six christian stations in my area. K-LOVE happens to be one of thoes six stations. It is the main one I listen to. One lady told me that K-LOVE used to reach down to Socorro, New Mexico where she lives and she misses it.

K-LOVE serves the community by bring souls to Christ. There are so many bad things going on in this world it would be a shame for the devil to get a bigger foot hold just because the station is considered to be a Low Power Station.

PLEASE DON'T TAKE K-LOVE OFF OF THE RAIDO IN NEW MEXICO
